INTERSHIP

PPRODIGY-INFOTECH | FULL STACK DEVELOPER
March 2024 - April 2024 | Remote
* Employed a diverse Tech Stack, including Node.js, Express.js, React.js, MongoDB, Firebase, and integrated Google Maps API, to architect and implement innovative solutions.
* Led the development of a comprehensive full-stack application, showcasing proficiency in the MERN (MongoDB, Express.js, React.js, Node.js) stack.
* Successfully integrated secure and seamless payment gateways, as well as the Google Maps API, enhancing the overall functionality and user experience of the web application

----

PROJECT

BLOG WEBSITE USING AIML
NODE JS | EXPRESS JS | REACT JS | MONGODB

- The project is designed for users to create, read, update, and delete blog posts. It can be used for personal blogging, company news updates, or any content-sharing platform.
- Users can perform CRUD (Create, Read, Update, Delete) operations on blog posts, allowing for full management of blog content
- Email verification is implemented to ensure users register with valid email addresses, enhancing security and authenticity.
- AI and ML techniques are used to identify and display trending blogs, providing users with insights into popular and engaging content.

SHADOW-DRIVE
NODE JS | EXPRESS JS | REACT JS | MONGODB | AWS S3

- Shadow Drive allows users to upload, download, and organize files within a user-friendly interface, supporting a hierarchical folder structure for easy access and management.
- Users can create, rename, and delete folders, enabling them to customize their storage according to their needs.
- Deleted files are moved to a trash folder, providing users with the ability to recover accidentally deleted items, enhancing data safety.
- Users can mark important files or folders as "starred" for quick access, improving productivity and ensuring that essential documents are easily retrievable.
- The application includes robust user authentication and security features, ensuring that user data is protected and accessible only to authorized individuals.

ACHIEVEMENTS

PARTICIPATED IN VNPS NATIONAL LEVEL PRODUCT SHOWCASE.
VOLUNTEER IN TECH TEAM OF HACKTHON
PARTICIPATED IN 4 HACKTHON
VOLUNTEER IN NSS COMMITTEE
